EDUCATION

DOCTORATE

Electrical and Computer Engineering

University of Porto

2019 - Present

MASTERS

Electrical and Electronics Engineering

Koc University

2016 - 2018

GPA: 3.81

BACHELORS

Electronics Engineering

Sabanci University

2009 - 2014

GPA: 3.86

SKILLS

Deep learning

Pytorch | **Tensorflow** | **Caffe** | **Generative Networks** | **Adversarial Learning** | **Recurrent Neural Networks** | **Reinforcement learning**

Programming

Python | **MATLAB** | **C++** | **Julia**

Signal processing

Audio processing | **Image processing** | **Video processing** | **Video compression** | **Computer vision**

Music production

Cubase | **Protools** | **Audacity** | **Music21** | **MIDI**

Miscellaneous

Remote development | **Machine learning** | **Git** | **LaTeX** | **Ubuntu** | **Windows**

LANGUAGES

- **English** | *Fluent*

SUMMARY

I use deep learning applications on music and video.

EXPERIENCE

RESEARCHER

INESC TEC, Portugal | Mar 2019 - Present

Enhancement of complex music signals using deep neural networks

RESEARCH ASSISTANT

Koc University, Turkey | Sep 2016 - Nov 2018 (2 years 2 months)

Video compression and frame prediction using deep neural networks, including generative adversarial networks

TEACHING ASSISTANT

Koc University, Turkey | Sep 2016 - Nov 2018 (2 years 2 months)

Leading laboratory sessions and occasionally lectures on programming with MATLAB

SOUND ENGINEER

Telfs Youth Center Studio, Austria | Oct 2014 - Aug 2015 (9 months)

Recording and mixing music performed by local youngsters

INTERN

Champalimaud Neuroscience Program, Portugal | Jul 2013 - Oct 2013 (3 months)

Processing neural signals and videos obtained by rat experiments, designing the controller board. Article acknowledgement: ncbi.nlm.nih.gov/pmc/articles/PMC4721960

PEER INSTRUCTOR

Sabanci University, Turkey | Feb 2010 - Jun 2014 (4 years 3 months)

Lecturing in small study groups and occasionally in amphitheaters on freshman chemistry and biology

PUBLICATIONS

VIDEO COMPRESSION USING LEARNED FRAME PREDICTION

Springer Journal of Signal, Image and Video Processing

In review

DEEP LEARNED FRAME PREDICTION FOR VIDEO COMPRESSION

Koc University | arxiv.org/abs/1811.10946 | 2018-11-27

Doctoral Thesis

AWARDS

- **Doctoral Fellowship** | la Caixa Foundation
- **Graduate Fellowship (Masters)** | Koc University
- **Ranked 9 out of 204,392 in Turkish Academic Personnel and Graduate Education Exam**
- **Excellence Merit Scholarship (Bachelors)** | Education Foundation of Turkey
- **Excellence Merit Scholarship (Bachelors)** | Sabanci University
- **Employment Scholarship** | Sabanci University
- **Bachelors Scholarship** | Prime Ministry of Turkey
- **Ranked 297 out of 1,349,782 in Turkish University Entrance Exam**
- **Erasmus+ Exchange Grant** | European Commission
- **Erasmus+ Internship Grant** | European Commission
